PROFESSIONAL STRENGTHS & LEADERSHIP

Strengths: Communication, customer handling, problem solving, teamwork, adaptability, time management, attention to detail, quick learning

Leadership & Ownership: Takes ownership of assigned issues, prioritizes urgent tasks, coordinates with teammates and contributes to knowledge sharing and smooth team execution

PROFESSIONAL EXPERIENCE

Technical Support Engineer | Sidra Tech Solutions | Jan 2025 - Present

- Supported day-to-day technical issues across business applications and workflows, helping users resolve access, browser, connectivity and application-related problems.
- Investigated reported issues by reproducing basic scenarios, checking expected behaviour and collecting relevant details before escalation.
- Handled incidents and service requests according to support procedures, maintaining clear updates, accurate ticket notes and timely follow-ups.
- Used basic SQL for data validation and issue investigation; performed API request/response checks with Postman, Insomnia and Bruno.
- Documented recurring issues, troubleshooting observations and resolution steps to support consistent handling of similar incidents.
- Coordinated with internal teams on complex issues and communicated troubleshooting steps clearly to users and stakeholders.

SELECTED PROJECT

To-Do Notes & Task Tracker | Personal Practice Project

- Built a simple task and notes tracker using HTML and CSS to organize daily activities by task, priority, status and due date.
- Used a basic spreadsheet-based workflow to maintain task status, completed items and pending follow-ups for easy day-to-day tracking.
- Organized tasks using simple categories such as pending, in progress and completed, with notes for follow-up items.
- Used AI tools for basic guidance, wording and troubleshooting while refining the project and learning support-oriented problem solving.
